

EXCLUSIONS

Your certificate of insurance details exclusions which apply. Please read it carefully.

PRE-EXISTING CONDITION EXCLUSION

No benefits will be paid for losses or expenses incurred as a result of an injury or illness to you which manifests itself during the 60 days immediately before the date your coverage became effective, unless the condition is controlled through the taking of prescription drugs or medication and remains controlled throughout the 60 day period.

PRE-EXISTING CONDITION WAIVER

The pre-existing condition exclusion is waived if coverage is purchased within 14 days from the date the initial trip deposit was paid to the travel supplier. You also must be medically able to travel on the date coverage is purchased.

If the Pre-Existing Condition exclusion is not waived, your pre-existing condition might still be covered if the answer to all of the following questions is "no." Review the questions below.

1. Were you treated for a new illness in the last 60 days?
2. Has your condition worsened or required medical attention in the past 60 days?
3. Have you received any new medications in the past 60 days or have any of your current dosages been changed?

Your Trip Should Be Worry-Free!

You have enough to worry about while traveling. Unfortunately occasional emergencies do occur. That's why you should say, "I Travel Insured" when it comes to purchasing travel protection.

iTravelInsured

WHY PURCHASE TRAVEL PROTECTION?

Your travel agent cares about YOU!

To help enjoy a stress-free vacation, travel protection is available through iTravelInsured.

Travel protection provides you with the necessary coverage to help safeguard your travel "investment" from unforeseen circumstances such as

- emergency illness or injury to you or a traveling companion or immediate family member causing you to cancel or interrupt your trip
- jury duty
- job layoff or termination
- terrorist events
- bankruptcy or default of the airline, cruise line or tour operator
- a hurricane that strikes your resort

At iTravelInsured, we know that cancelling a trip may cause you to lose all or part of your payment depending upon the cancellation penalties of your travel supplier(s).

Many travelers have little or no health protection while away from home and most plans don't cover an air ambulance. An iTravelInsured program helps provide true Global Peace of Mind®.
